

Good morning song

Good morning, good morning, good morning everyone
I'm so glad to see you, good morning everyone
Good morning, good morning, good morning everyone
I'm so glad to see you, good morning everyone

Good morning to the sunshine, good morning to the rain
good morning to whatever the day may bring

Good morning, good morning, good morning everyone
I'm so glad to see you, good morning everyone
Good morning to Benji, good morning to Jack
Good morning to Gracie, good morning everyone

Good morning to the sunshine, good morning to the rain
good morning to whatever the day may bring
Good morning, good morning, good morning everyone
I'm so glad to see you, good morning everyone

Good morning, good morning, good morning everyone
I'm so glad to see you, good morning everyone
I'm so glad to see you, good morning everyone
